

LUCKY COUNTRY

Who owns this country?
Where do they come from?

Are they Australians?
Are they Poms?

What did they bring here?
What do they speak?

Do they speak English?
Do they speak Greek?

They bring trouble.
They bring guns.

Shoot you dead
You nothing but a bum.

They say you're a no hoper
You no good.

You just nothing
You're just a boong

Where can we go?
Where can we stay?

Stand up and fight
Kneel down and pray.

We have to do something
We have to together

We can't do it alone
We can make it better

So, come on you people
Let's come as one

Bring you family
Children, Dad and Mum

Bring all your friends
Bring all relations

This is what we call!
Reconciliation.
